

Red Flags Checklist: Oil & Gas, Data Centers & Solar

One checklist covering the red flags that show up across all three tracks — for owners juggling more than one kind of offer.

-
- ☐ Artificial urgency — deadlines that pressure you to skip due diligence
 - ☐ Vague or missing terms in the written agreement
 - ☐ Verbal promises that never make it into writing
 - ☐ Pressure to sign before you've had outside input
 - ☐ Confidentiality requests made before you've seen real numbers
 - ☐ Comparisons to what a neighbor "already agreed to" without proof
